

Problem - Solution Fit

Project: Import Data using Transform Maps (Spreadsheet)

Platform: ServiceNow

Aspect	Details
Customer segment	ServiceNow administrators, HR and IT service teams
Problem	Manual, repetitive and error-prone data entry from spreadsheets
Root cause	No automated mapping between external files and ServiceNow tables
Existing alternatives	Manual entry, list Excel import, custom scripts
Our solution	Import Set staging with a reusable Transform Map
Fit	Removes manual work, enforces mapping rules, avoids duplicates, keeps an audit trail
